**To: Chinese Customs**  
**Attn.: To whom it may concern**  
**From: MakerNet Technology Limited**

Dear Sir/Madam,

With this letter, we kindly inform the Chinese Customs that Robot Band has been invited by MakerNet Technology Limited to attend Maker Faire Xi'an held on the 15th - 16th of July 2017. The members, Katsuda Tetsuji and Yoshida Sho, will arrive in Xi'an on the 14th of July and leave on the 19th of July.

Maker Faire is the biggest DIY event on earth, created by Make Magazine (US) in 2006. It has been to many places around the globe, including the US, China, Singapore, Japan, Italy and Egypt. Since it was introduced to China, it has traveled in Shenzhen, Beijing, Chengdu. Now it's coming to Xi'an, held by MakerNet Technology Limited.

During their stay, Mr. Katsuda Tetsuji and Mr. Yoshida Sho will have an exhibition at the event and have conversation with local makers. The purpose of this trip is to help connect the global makers and to enhance the influence of the maker culture which encourages creation and innovation across the globe.

The members' info is as follows:
